

What is "JOG FOR JM"? The school's year end jog-a-thon is dedicated to fellow St. John student, Parker Hume. Parker has an extremely rare autoimmune disease called Juvenile Myositis (JM). The CureJM Foundation is a 501c3 non-profit founded by Parker's parents to find a cure, while also providing support and information for families suffering from JM. Please visit the CureJM website for more details about this disease.
