

# **SIMPLY SPECTACULAR SCIENCE**

Presents: St. John School December Science Seminar

## Seahorses:

Fishy masters of adaptation.

\*How do seahorses eat, if they don't have a digestive system?

\***True or False:** Male seahorses (not females) become pregnant.

**FACT:** Approximately 25 million seahorses are traded each year! Since 2004 seahorse species have been added to endangered species lists!

Sign-up to give your child an opportunity to meet first hand and understand how seahorses have redefined the rules of nature as we know them!

Friday December 4<sup>th</sup> following St. John's noon dismissal

Cost: \$25 per child/per session (Make checks payable to St. John)

*(All S3 monthly science seminars will be conducted between the hours of 12pm – 2pm. Please ensure that your child is picked up on time.)*
